LMP-1 SERIES
SINGLE-POSITION LINQ™ ADAPTER BRACKET KITS

LMP-1-T SHOWN INSTALLED ON POLARIS® SWITCHBACK™

Introducing the LMP-1 series of Single-Position LINQ™ Adapter Bracket Kits.

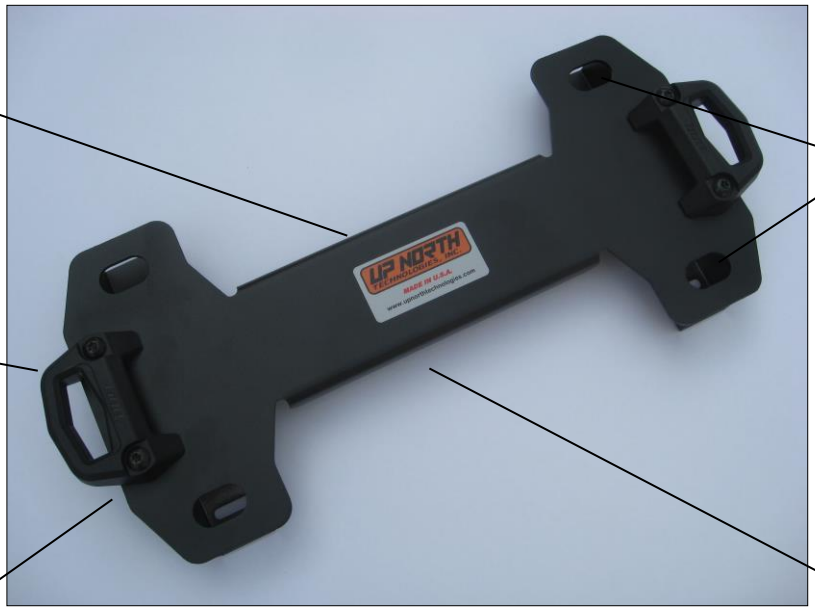
The LMP-1 series kits are engineered to provide direct Ski-Doo® LINQ™ accessory compatibility on many current Arctic Cat®, Yamaha®, and Polaris® snowmobiles.

The new third-generation LMP-1 series LINQ™ Adapter Brackets feature CNC laser-cut and welded monocoque aluminum construction. The welded monocoque design provides for high strength, lightweight, and a precision fit. The compact designs offer direct compatibility with many Polaris®, Arctic Cat®, and Yamaha® snowmobile models!

The LMP-1 series features welded monocoque construction that provides for lightweight and a precision fit

LINQ™ receptacles attach directly to the bracket in pre-drilled mounting holes for simple installation

The compact design of the new LMP-1/ series provides for compatibility with many snowmobile brands and models



LINQ™ BASE KIT RECEPTACLES SHOWN NOT INCLUDED

The LMP-1 series features universal mounting slots that provides for easy installation on compatible Polaris®, Arctic Cat®, and Yamaha® models. All fasteners required for installation are included

The LMP-1 series features a finely textured, black powder coat paint finish for a superb appearance

UP NORTH TECHNOLOGIES, INC.

The LMP-1 series LINQ™ Adapter Bracket Kits feature:

- **PREMIUM QUALITY CONSTRUCTION.** The LMP-1 series single-position LINQ™ adapter brackets are fabricated from CNC laser-cut and formed aluminum components that are welded into a monocoque structure, providing for light weight, high-strength, and a precision fit.
- **BLACK POWDER-COATED FINISH.** The LMP-1 series LINQ™ adapter brackets feature a finely-textured black powdercoat paint finish that provides for a durable, superb appearance.
- **EASY INSTALLATION.** The LMP-1 series LINQ™ adapter brackets feature mounting slots that will align perfectly with the "T" slots on many Polaris® models for quick, no-drill installation. For many Arctic Cat® and Yamaha® models, the bracket itself can be used as a template to mark the mounting holes onto the tunnel, simplifying the drilling process. All fasteners required for installation onto the tunnel are included.
- **DIRECT LINQ™ ACCESSORY COMPATIBILITY.** The LMP-1 series LINQ™ adapter brackets are directly compatible with all current Ski-Doo® LINQ™ accessory products, including storage bags and fuel containers. Simply attach the LINQ™ Base Kit receptacles (not included) to the bracket, install the bracket onto to a compatible snowmobile model, and attach the desired LINQ™ accessories.
- **MULTIPLE PLACEMENT OPTIONS.** The compact design of the LMP-1 series LINQ™ adapter brackets provide for maximum installation flexibility over a wide range of snowmobile brands and models.

MADE IN U.S.A.

LMP-1 SERIES
SINGLE-POSITION LINQ™ ADAPTER BRACKET KIT
