

LMP-2 SERIES
DUAL-POSITION LINQ™ ADAPTER BRACKET KITS
ARCTIC CAT®/POLARIS®/YAMAHA® APPLICATIONS

LMP-2-T DUAL-POSITION LINQ™ ADAPTER BRACKET SHOWN INSTALLED ON POLARIS® MATRYX™ 137

Introducing the next generation of Dual-Position Stand-Alone LINQ™ Adapter Bracket Kits.

Add Ski-Doo® LINQ™ accessory compatibility to many current Arctic Cat®, Polaris®, and Yamaha® snowmobiles

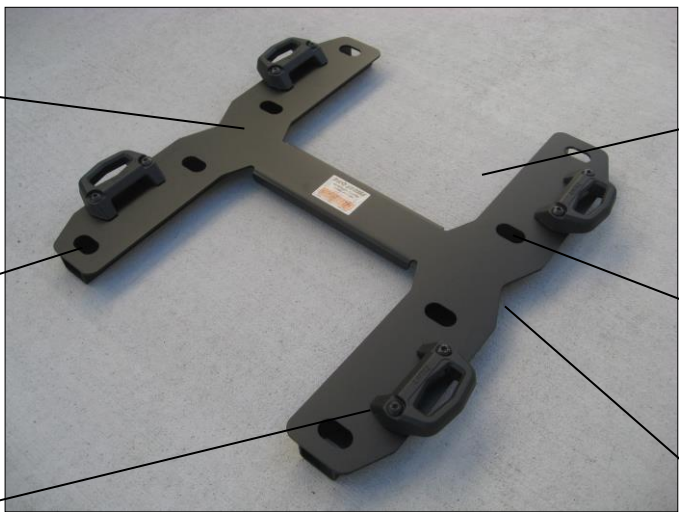

Utilizing a next-generation optimized design, the new LMP-2 series of dual-position LINQ™ Adapter Brackets are CNC laser cut, formed, and welded for high quality and a precision fit. All bracket models feature monocoque construction for high strength and lightweight, and they are designed to quickly and easily attach to the tunnel of many current Arctic Cat®, Polaris®, and Yamaha® snowmobile models!

Add the convenience of Ski-Doo® LINQ™ accessories to your snowmobile with the new LMP-2 series of dual-position LINQ™ Adapter Bracket Kits!

The LMP-2 series of dual-position LINQ™ adapter brackets are CNC laser cut, formed, and welded for a precise fit and premium quality

The LMP-2-T and LMP-2-XC models feature mounting holes that align with the "T" slots of many Polaris® models for easy, no-drill installation

LINQ™ receptacles install into pre-drilled mounting holes on all bracket models (LINQ™ receptacles not included)

LMP-2-T SHOWN (LINQ™ RECEPTACLES NOT INCLUDED)

All dual-position bracket models feature an "H" design for optimal installation versatility

The LINQ™ adapter bracket itself is used as a template to mark mounting holes directly onto the tunnel for easy installation on Arctic Cat® and Yamaha® models

Monocoque construction provides high strength and light weight

**ALL LMP-2 SERIES DUAL-POSITION LINQ™ ADAPTER BRACKETS
FEATURE:**

- **PREMIUM QUALITY CONSTRUCTION.** The LMP-2 series of dual-position LINQ™ adapter brackets are CNC laser-cut, formed, and welded from aluminum plate for precise fit and premium quality. Monocoque design provides light weight and high strength.
- **BLACK POWDER COAT FINISH.** All LMP-2- series dual-position LINQ™ adapter bracket models feature a black powder coat finish that provides for a durable, superb appearance.
- **EASY INSTALLATION.** The LMP-2-T and LMP-2-XC dual-position brackets feature mounting holes that align perfectly with the “T” slots on many Polaris® models for quick, no-drill installation. The LMP-2-MTX model provides for no-drill installation on Polaris® Matryx™ RMK models. For Arctic Cat™ and Yamaha™ models, mounting holes for the LMP-2 and LMP-2-XL can be directly traced onto the tunnel for easy installation.
- **DIRECT LINQ™ ACCESSORY COMPATIBILITY.** The LMP-2 series of dual-position LINQ™ adapter brackets feature direct compatibility with all current Ski-Doo® LINQ™ accessory products, including dual-position storage bags and fuel containers. Simply attach the LINQ™ receptacles (not included) to the bracket, install the bracket onto to a compatible snowmobile model, and install the desired LINQ™ accessories.
- **1 YEAR LIMITED WARRANTY.**

MADE IN U.S.A.
