System.**  
**Add the functionality and  
convenience of 3-position  
LINQ™ accessory  
compatibility to Ski-Doo®  
REV™ G4/G5 Renegade™  
and Backcountry™ models!**

*Fabricated from CNC laser-cut and formed aluminum components, the new X3 TRAIL Triple-Position LINQ™ Adapter System has been specifically designed to provide Ski-Doo® REV™ G4/G5 Renegade™ and Backcountry™ models with an additional LINQ™ attachment location! The X3 TRAIL dramatically improves cargo-carrying functionality and versatility by allowing for a much wider variety of LINQ™ accessory products to be utilized when compared to stock.*

**Add three-position LINQ™ accessory compatibility to REV™ G4/G5  
Renegade™ and Backcountry™ models with the new X3 TRAIL Triple-  
Position LINQ™ Adapter System!**

Fabricated from CNC laser-cut and formed aluminum components, the X3 TRAIL is designed to add triple LINQ™ accessory capability to REV™ G4/G5 Renegade™ and Backcountry™ models

The X3 TRAIL creates a third LINQ™ attachment location behind the seat

LINQ™ receptacles install easily into pre-drilled mounting holes at all attachment locations of the X3 TRAIL system

The X3 TRAIL is designed to interface directly with the stock LINQ™ mounting holes in the tunnel for easy, no-drill installation

All aluminum components feature a black hard-coat finish for a highly durable, superb appearance

The forward attachment position is compatible with all current LINQ™ fuel caddy units

**The X3 TRAIL Triple-Position LINQ™ Adapter System features:**

- **THREE-POSITION LINQ™ ACCESSORY COMPATIBILITY.** The X3 TRAIL creates a third LINQ™ accessory attachment location behind the seat. This additional LINQ™ attachment location is fully compatible with all current LINQ™ fuel caddy units and single-position accessories.
- **EASY INSTALLATION.** The X3 TRAIL interfaces directly with the stock LINQ™ mounting holes on the tunnel of Ski-Doo® REV™ G4/G5 Renegade™ and Backcountry™ models for easy, no-drill installation. All fasteners required for installation of the X3 TRAIL system onto the tunnel are included.
- **PREMIUM QUALITY CONSTRUCTION.** The X3 TRAIL features thick-wall, CNC laser-cut and formed aluminum construction for high strength, precise fit, and premium quality.
- **INDUSTRIAL-QUALITY BLACK HARD-COAT FINISH.** All of the aluminum components used in the assembly of the X3 TRAIL feature an industrial-quality black hard-coat finish that provides for a highly-durable, exceptional appearance.

**MADE IN U.S.A.**
