

**PRO SERIES 137X
CARGO RACK
(SKI-DOO® REV™ G4/G5 137" APPLICATIONS)**

**Introducing the
new *PRO SERIES*
137X CARGO RACK
for Ski-Doo® REV™
G4/G5 137"
models!**

PRO SERIES 137X CARGO RACK INSTALLED ONTO THE
TUNNEL OF A SKI-DOO® REV™ G5 MXZ™ 137"

Add significant cargo-carrying functionality and versatility to your Ski-Doo® REV™ G4/G5 137" sled with the new *PRO SERIES 137X CARGO RACK*! Fabricated from a single sheet of 3/16" aluminum plate, it is CNC laser-cut and formed for high strength and a precise fit. It installs easily into the existing LINQ™ attachment holes in the tunnel, and provides a unique base platform for carrying larger and/or longer cargo items.

Whether you need to carry a large cargo box or a longer item that may extend beyond the rear bumper, the new *PRO SERIES 137X CARGO RACK* provides the solution!

CNC laser-cut and formed from a single sheet of 3/16" aluminum plate, the **PRO SERIES 137X CARGO RACK** is specifically designed to provide a precise fit on the REV™ G4/G5 137" platform

The **PRO SERIES 137X CARGO RACK** directly interfaces with the LINQ™ attachment holes in the tunnel for easy installation

Angled slots on each side of the **PRO SERIES 137X CARGO RACK** provide convenient tie-points for securing cargo

All fasteners and hardware required to install the **PRO SERIES 137X CARGO RACK** onto the tunnel are included

The **PRO SERIES 137X CARGO RACK** features a series of 1/4" holes on each side of the top surface for easy attachment of user-specific hardware

The **PRO SERIES 137X CARGO RACK** features a finely-textured, black powder coat paint finish

**UP NORTH
TECHNOLOGIES, INC.**

The PRO SERIES 137X CARGO RACK features:

- **PREMIUM QUALITY CONSTRUCTION.** The **PRO SERIES 137X CARGO RACK** is CNC laser-cut and formed from a single sheet of 3/16" aluminum plate for high strength and precise fit.
- **EASY INSTALLATION.** The **PRO SERIES 137X CARGO RACK** interfaces directly with the LINQ™ attachment holes in the tunnel of compatible Ski-Doo® REV™ G4/G5 137" snowmobile models for easy, no-drill installation.
- **EXPANDED CARGO CAPACITY.** The **PRO SERIES 137X CARGO RACK** functions as a base platform to provide for transport of larger cargo items that may not be compatible with the LINQ™ system due to their overall physical size and/or shape. This includes large rigid boxes, bags, tools, ice fishing gear, etc. The rack extends over and above the height of the taillight housing, which allows for compatibility with longer cargo items that may extend beyond the rear bumper.
- **VERSATILE FUNCTIONALITY.** The **PRO SERIES 137X CARGO RACK** features multiple 1/4" mounting holes along both sides of the top surface. This provides for easy attachment of user-fabricated hardware components such as custom mounting brackets, etc. Angled slots along each side of the rack provide multiple tie-down options for ratchet straps, bungee straps, etc.
- **WIDE-RANGE COMPATIBILITY.** The **PRO SERIES 137X CARGO RACK** is compatible with the Ski-Doo® REV™ G4/G5 137" snowmobile platforms.
- **SUPERB APPEARANCE.** The **PRO SERIES 137X CARGO RACK** features a finely-textured black powder coat finish that provides for a highly-durable, exceptional appearance.

MADE IN U.S.A.

PRO SERIES 137X CARGO RACK

DIRECT-FIT APPLICATION CHART

SNOWMOBILE BRAND	MODEL	YEAR	PART NUMBER
Ski-Doo®	REV™ G4/G5 with 137" track*	2017 – Current	137X
